THE KANSAS CONFERENCE IN CLINICAL CHILD PSYCHOLOGY: TRANSLATING RESEARCH INTO PRACTICE

WELCOME

Welcome to the University of Kansas for the 1998 Kansas Conference in Clinical Child Psychology. KU is the home of the Jayhawks, but not of Dorothy and Toto.

Founded in 1854 by anti-slavery groups, Lawrence, Kansas, quickly became a hotbed of "free-state" supporters. Undaunted by the burning of their town by Quantrill's raiders in 1863, Lawrence residents welcomed the establishment of a state university atop Mount Oread in 1865. Lawrence has been the residence of many notables over the years, including John Brown, Langston Hughes, William S. Burroughs, James Naismith, and Comanche.

The University of Kansas has a long tradition of scholarly contribution to child and developmental psychology through its Department of Human Development and Family Life and in clinical psychology through its Department of Psychology. In the last seven years, an interdepartmental effort has developed the Clinical Child Psychology Program, using faculty and resources in both departments while bringing in new faculty and students for the graduate training program in the specialty. This conference is a project of the Clinical Child Psychology Program; we hope you will become familiar with our activities and assets while you're here.

The conference is co-sponsored by the Section on Clinical Child Psychology (Division of Clinical Psychology, American Psychological Association). The Section publishes the *Journal of Clinical Child Psychology*, provides programming at the annual convention of the American Psychological Association, and supports task forces and activities on professional issues in child and family mental health services. Membership information will be available at the conference displays.

Additional financial support for this year's conference is provided by the University of Kansas Office of Academic Affairs and College of Liberal Arts and Sciences. We gratefully acknowledge their substantial support. The KU Division of Continuing Education has also provided subsidies to this conference. The conference fees would be much higher without these contributions, so we particularly thank these units for their assistance.

We hope you find the conference informative and enjoyable. Our aim is to provide to you a useful integration of research and practice in clinical child psychology. Please call on the faculty and students of the Clinical Child Psychology Program if you need assistance. They are identified by special emblems.

Sincerely,

Michael Roberts
Clinical Child Psychology Program
The University of Kansas

CONFERENCE INFORMATION

Conference Objectives

- (1) Provide up-to-date information on research and practice in clinical child psychology and mental health services for children and families.
- (2) Provide specific learning experiences targeted to topics in: externalizing disorders; internalizing disorders; therapy and interventions; prevention; professional issues; psychometric development; stress, trauma, and coping; psychological assessment; and characteristic relationships.
- (3) Provide opportunities for productive interaction between researchers and practitioners.

Continuing Education Credits

The American Psychological Association has approved the University of Kansas to offer continuing education credit for psychologists. Certificates of attendance will be issued for each topical session and plenary address to each individual who completes and turns in an evaluation form at the conclusion of the session. Please give your evaluation form to one of the KU representatives at the back of the room. We will issue to you the Certificate of Attendance.

Note: Evaluation forms will not be given out or accepted later. Participants are responsible for submitting their evaluation form immediately at the close of a session. We cannot give out certificates for partial credit for attendance at a session.

Poster Session

Please visit the Poster Session in the Regency D Ballroom. A list of the poster presenters for each day is located at the back of this program.

Book Display

Numerous publishing companies have provided copies of their books for your examination at a display table in the Pre-Convene Area outside the conference session rooms. Many are offering conference discounts if you use the order forms provided.

Registration

All conference attendees, including presenters, guests, and participants, must register. A conference badge is required for admission to all conference sessions, meetings, and meals.

Meals

On Friday and Saturday mornings, pastries and coffee will be available in the conference area between 8:00 and 9:00 a.m. Lunch will be provided both days as part of your registration fee.

Receptions

On Thursday, October 8, the Clinical Child Psychology Program will host an Opening Night Reception/Cash Bar in the Regency D room of the Holiday Inn from 7:30 to 10:00 p.m.

Student Sessions

We have arranged two sessions for students to network on special topics:

Friday, October 9, 4:30–5:30 p.m., poolside
Discussion with *Jerome Sattler* (refreshments will be provided)

Saturday, October 10, 8:00–8:50 a.m., Regency B–C
Issues in Managed Care with *Lindsay Hurley* (Pick up your continental breakfast in Regency D.)

What to do in Lawrence:

There are a number of non-psychology diversions in Lawrence. Check out the Lawrence Convention and Visitors Bureau's *Official Visitor's Guide* found in your conference packet for information about local restaurants, shopping, museums, and entertainment.
